

# TEAMS & SELECTION

## JUNIOR

- The Club will always endeavor to enter a team in each junior division that is played for that season.
- Where the Club enters two or more teams in the same competition those teams will be selected to be as even as possible at the commencement of the season. The selection of the teams will be made by the coaches in conjunction with a designated committee member.
- As near as possible, players should receive equal playing time throughout the season, dependent on attendance, reliability, development and attitude at training and during a game. During finals all players should be given a "fair go" and receive reasonable time on the field. The Club acknowledges that juniors play sport for various reasons and that a lack of playing time is a major reason for players "dropping out" of sport.
- All members of a team will be considered as having an equally important role to play, regardless of gender, age, ability or position on the field. The Selection for the Division One sides will be based on ability and attendance at scheduled training sessions.
- The selection of the teams will be made by the relevant coaches and or coaching committee.
- Parents are asked to discuss any problems directly with the team coach or manager. Failing a suitable reply, parents should contact the junior coordinator.

## SENIOR

- The Club will always endeavor to enter a team in each senior division that is played.
- The Selection for the Division One side will be on ability and attendance at scheduled training sessions.
- The selection of the teams will be made by the relevant coaches in collaboration with the coaching board.
- Junior players are to be encouraged to try out for playing in a senior team but not to exclude a senior player from being able to play.
- Excluding Division 1 - As near as possible, players should receive equal playing time throughout the season, dependent on attendance, reliability, development and attitude at training and during a game. During finals, all named players should be given a "fair go" and receive reasonable time on the field. Team selections for finals will be based on the above criteria.
- All members of a team will be considered as having an equally important role to play, regardless of gender, age, ability, or position on the field.
